## EDUCATION

### Indian Institute of Technology Madras (IIT Madras)

Chennai, India

*Bachelor of Science in Data Science and Applications*

*Sept. 2024 – May 2028*

- **Current CGPA:** 8.33 / 10
- Relevant Coursework: Data Structures & Algorithms, Operating Systems, Database Management Systems, Computer Networks, Linear Algebra, Probability & Statistics

## PROFESSIONAL SUMMARY

IIT Madras undergraduate focused on data structures, algorithms, and scalable software systems. Experienced in building analytics-driven applications and solving algorithmic problems with attention to performance

## TECHNICAL SKILLS

**Languages:** C++, Python, JavaScript

**Libraries:** Pandas, NumPy, Matplotlib

**Frameworks:** React.js, Node.js, MongoDB, PostgreSQL

**Tools:** Git, GitHub, Linux, VS Code, Postman, Docker (basic)

**Core Concept:** Data Structures, Algorithms, OOP

## PROJECTS

### Life Os – Behavioral Analytics & Productivity Platform | *React.js, Data Visualization*

[App](#) | [Code](#)

- Developed a dashboard-based app that tracks user behavior trends and habits.
- Delivered actionable insights using interactive graphs and personalized metrics.
- User-friendly interface, productivity or wellness-based analytics use cases.

### Medhub – Intelligent Healthcare Operations Dashboard | *React.js, APIs*

[App](#) | [Code](#)

- Created a real-time dashboard for patient and department data management in hospitals.
- Reduced manual operations by 40% using streamlined visual data flows.
- Integrated modular UI design aligned with hospital digital transformation trends.

## CERTIFICATIONS

### Forward Learning Program – McKinsey & Company

Mar. 2025 – Jul. 2025

*Credential ID: 6875af21-7170-4449-abd7-2d207c5277fe*

- Trained in problem-solving, agile teamwork, and structured communication.
- Built core workplace capabilities through experiential learning.

## PROBLEM SOLVING

Solved 200+ algorithmic problems on LeetCode.

Comfortable analyzing time and space complexity trade-offs.

## ACHIEVEMENTS & HONORS

Gold Medal – IIT Madras Paradox Art Championship

2025

Bronze Medal – State-level Cultural Art Competitions

2022, 2024

State-Level Chess Player – Strategic thinking and pattern recognition

2022

District-Level Mathematics Olympiad Participant – Logic and problem solving

2023

State-Level Yoga Participant – Focus, discipline, and mind-body control

2024
